

NEW YORK WOMEN  
IN COMMUNICATIONS

## MENTORING PROGRAM MENTEE COMMITMENT AGREEMENT

Thank you for agreeing to participate in the New York Women in Communications Mentoring Program – a benefit to members in good standing. The organization admires your commitment to your professional development through your involvement in this program.

The Mentoring Program runs from Spring and Early Summer 2021. It is strongly suggested that mentor/mentee pairs plan to meet at organization events or supplemental industry functions to add further dimension to their relationship. Mentors and mentees are asked to work together to review professional skill growth and to monitor areas of opportunity for further professional development.

Your signature below indicates that you have read and understand the commitment and that you will exert your best efforts to make your mentoring relationship a worthwhile, fulfilling and fun one. Should you have any questions about your role as a mentee or the New York Women in Communications Mentoring Program, we would be delighted to hear from you. Please direct your questions to us at [info@nywici.org](mailto:info@nywici.org). Please note, it is imperative that you communicate to us if you do not hear from your mentor after 2 attempts of reaching out.

Thank you again for your commitment to the mentoring program through New York Women in Communications.

Sincerely,

Bonnie Blake, Sheryl Victor Levy, Melissa Weisstuch, Co-Chairs  
New York Women in Communications Mentoring Program
